Earth Song

Sing, be, live, see
This dark stormy hour
The wind, it stirs
The scorched Earth cries out in vain
Oh war and power, you blind and blur
The torn heart cries out in pain

But music and singing have been my refuge
And music and singing shall be my light
A light of song, shining strong
Hallelujah, hallelujah
Through darkness and pain and strife
I'll sing, I'll be, live, see

Peace

The Valley

I live in the hills, you live in the valleys
And all that you know are these blackbirds
You rise every morning
Wondering “what in the world will the world bring today?”
Will it bring you joy or will it take it away?
And every step you take is guided by
the love of the light on the land
And the blackbird’s cry
You will walk in good company

The valley is dark – the burgeoning holding
The stillness obscured by their judging
You walk through the shadows – uncertain and surely hurting
Deserted by the blackbirds and the staccato of the staff
And though you trust the light towards which you wend your way
Sometimes it feels all that you wanted has been taken away
You will walk in good company

I love the best in you – you love the best in me
Though it's not always easy, lovely? lonely?
We will walk in good company
The shepherd upright and flowing – you see

My Song

This song of mine will wind its music
around you like the fond arms of love.
This song of mine will carry your sight into the heart of things
like a faithful star in the dark night over your road, your road.

My song will be like a pair of wide wings to your dreams.
Like the fond arms of love, it will wind its music around you.

My song will take you to the verge of unknown.
When you are in a crowd It will surround you with its strength.
When you are alone it will stay by your side
like a faithful star in the dark night over your road!

My song will be like a pair of wide wings to your dreams.
Like the fond arms of love, It will wind its music around you.

And when my voice is silent
my song will live in you.

Lux Aeterna

La det evige lyset lyse over dem, Herre
Med dine helgener i evighet.
Fordi du er rettferdig
Gi dem den evige fred, Herre,
Og la det evige lyset lyse over dem.

Footprints

THE TIDE
Through endless seasons
And unending years
Moving for ever.
Circling Tide,
Endless.
Away and back.
Eternal pattern of our destiny:
The Tide.
I am washed forever by the tide.
Through calm and through the storm.

FOOTPRINTS
Looking back on the shining sand,
Reaching through time.
Years went by so soon
And our lives are gone into the distance:
Footprints.
Were you there beside me?
Were you there in the darkest hour?
When I stumbled and fell,
When the rain washed over me, were you near me?
Were you there?

In my need, come to me.
Guide my way and comfort me.
I am tired and lonely
When I tremble hold me.
Walk with me all my days.
Guide my steps through endless ways.
Carry me always. O Friend.
Now I see you holding me.
You were always with me.
And our footprints are together into the distance.

O SUN AND MOON
We are your children
And I will travel with you all my earthly days.
Universe of Light give us Life.
O moon and Sun
We are your children.

The Road Home

Tell me, where is the road I can call my own,
That I left, that I lost So long ago?
All these years I have wandered, Oh when will I know
There's a way, there's a road That will lead me home?

After wind, after rain, When the dark is done,
As I wake from a dream In the gold of day,
Through the air there's a calling from far away,
There's a voice I can hear That will lead me home.

Rise up, follow me, come away, is the call,
With the love in your heart as the only song;
There is no such beauty as where you belong;
Rise up, follow me, I will lead you home.
